Acknowledgements

Adayi Peterside, B.Sc., M.Sc.

Principal Consultant, MRL® Public Sector Consultants Ltd

The successful compilation of this List of Schools in Niger State under the TENS II Programme was made possible through the collective efforts of numerous individuals and organisations. We extend our heartfelt gratitude to His Excellency, Governor Muhammed Umaru Bago for his unwavering commitment to educational development in Niger State.

We also acknowledge the invaluable support provided by the Niger State Ministry of Basic and Secondary Education, the Niger State Universal Basic Education Board, and other key governmental agencies. Their contributions in providing data and coordinating field activities were instrumental to this effort. Special thanks to the LGA Managers, school administrators, and community leaders whose cooperation ensured the accuracy and comprehensiveness of this list.

Our deepest appreciation goes to the field officers, enumerators, and data analysts for their dedication and meticulous work compiling, verifying, and presenting this information. Additionally, we recognise the technical expertise of MRL® Public Sector Consultants Ltd, whose commitment to excellence and innovation enriched this process.

Finally, we thank all stakeholders for their continued collaboration and support. This document is a testament to our shared vision of transforming education in Niger State for the benefit of future generations.

Preface

Dr. Roni Ajao, MBA, M.Phil, M.Sc., FIC, FCMI, FloL FAPM, FloD
TENS II Director and Executive Director MRL® Public Sector Consultants Ltd

The Transforming Education in Niger State (TENS II) Programme is dedicated to creating a robust foundation for the educational advancement of the State. A vital component of this initiative is the comprehensive documentation and verification of all schools within Niger State, reflecting the Programme's commitment to data-driven planning and reform.

This **List of Schools and Institutions** in Niger State serves as a critical resource for understanding the current state of educational establishments across the State's 25 Local Government Areas (LGAs). The purpose is also to ensure a single comprehensive list is utilised by all Niger State Ministries, Departments, and Agencies (MDAs).

This compilation includes detailed records of Early Childhood Care Development Education (ECCDE) centers, primary schools, secondary schools, nomadic schools, Arabic/Islamic schools and tertiary institutions encompassing both public and private. By mapping and categorising these schools and institutions, the report highlights the diversity and scope of educational access in Niger State while also identifying critical gaps and opportunities for intervention.

The purpose is also to provide policymakers, educational administrators, and development partners with a reliable reference for making informed decisions. We hope that this resource will not only guide immediate efforts to address pressing challenges but also contribute to the long-term transformation of the State's education system, fostering equitable access to quality education for all.
